

SOWING THE SEEDS FOR CIRCULAR AGRICULTURE

a Dutch - Italian pollination

SAVE THE DATE

Milano Rho Fiera - Tuesday May 7th from 10:00-12:30 h.

During the **Global Food Innovation Summit 'Seeds&Chips'** the Embassy and the Consulate-General of the Netherlands in Italy will organize a conference: **'Sowing the seeds for circular agriculture - a Dutch Italian pollination'**

More than ever agriculture and food production have to face global challenges like climate change, sustainable use of natural resources, food security, biodiversity and environment issues.

Dutch government together with research institutes and entrepreneurs are looking for solutions to face those challenges in a different approach by transforming our production systems towards a circular agrifuture.

You're invited to attend our **conference** and get inspired by the Dutch vision and best practices!

Please register via ROM-LNV@minbuza.nl to receive your free entrance code for the summit and the conference.

Looking forward to seeing you there!
